

## **Eighth Grade Parent Questionnaire**

Thank you for taking the time to complete this questionnaire thoughtfully. This information helps ensure your child's smooth transition into the high school. If you'd rather word process your responses, please do, but be sure to return your response to the guidance office at CHS.

Name of Student:

Name of Parent(s) Completing this Questionnaire:

1. Please describe your child as a learner. (The backside of this questionnaire invites you to provide a more general description of your child, but this is where we'd like you to describe your child as a student.) What are his/her strengths and challenges? How does he/she learn best? In what subjects does your child excel?

2. All children have unique needs that need to be met in order to maximize their learning. What do you see as your child's unique needs?

3. Please provide any other details about your child that will help us get to know him/her well. This might include their hobbies or interests, or it might tell us a little more about their past and how that's influenced who they are.
