

OSPREY NEWS

August 9th, 2020

Dear Families,

Welcome to the *Osprey News*, our MBS family newsletter. Each week from now through the start of school we'll be sending you information weekly about the reopening of school via this newsletter. Here are a few updates for this week:

Thank you for your patience with class placement. Once we have a finalized list of students who have selected the remote option, we will be able to finalize class placement for the 20-21 school year. It will take us some time to make these adjustments and we will get information about placement to you as soon as possible. Thank you for your patience.

MBS will provide your child with all needed supplies for the upcoming school year. However we are encouraging families to provide their children with headphones/earbuds if possible. We have enough earbuds so that all students can have their own, but have found that some students have preferences for certain types of headphones/earbuds.

All students coming to school for in-person hybrid instruction will be required to wear masks. We encourage families to have students start practicing wearing a mask if they haven't already. We will provide mask breaks for students throughout the day and teach students how to take mask breaks safely. Here is a [good video](#) for kids explaining why we need to wear masks right now.

Before and after school ACE will still occur at MBS this school year. If you have questions about our ACE program, [here is a link](#) with more information about our ACE program.

Finally, I'd like to share two links on our website that I frequently use myself! Information for families is typically shared in our *Osprey News* and we upload all editions of the newsletter to our [website](#) within a day of being sent to families. It can also be accessed via the MBS homepage if you click on the "about" button and then "[newsletters](#)." In addition, all of the district's updates regarding [COVID -19](#) are linked here on the [CSD website](#).

Respectfully,

Ms. Burke
