Summary of Benefits and Coverage: What this Plan Covers & What You Pay for Covered Services

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, www.bcbsvt.com/epopcp_cert. For general definitions of common terms, such as allowed amount, balance billing, co-insurance, co-payment, deductible, provider, or other underlined terms, see the Glossary. You can view the Glossary at www.healthcare.gov/sbc-glossary or call (800) 255-4550 to request a copy.

| Important Questions | Answers | Why This Matters: |
|---|--|--|
| What is the overall deductible? | \$3,000 individual / \$6,000 family. <u>Co-insurance</u> and <u>co-payments</u> do not apply to the <u>deductible</u> . This benefit combines your prescription drug and medical <u>deductibles</u> . | Generally, you must pay all of the costs from providers up to the <u>deductible</u> amount each <u>plan</u> year before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> . Your <u>plan</u> year: 01/01/2024 through 12/31/2024. |
| Are there services covered before you meet your <u>deductible</u> ? | Yes, <u>preventive services</u> and wellness drugs | This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>co-payment</u> or <u>co-insurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost-sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits/. |
| Are there other <u>deductibles</u> for specific services? | No. There are no other specific <u>deductibles</u> . | You don't have to meet <u>deductibles</u> for specific services. |
| What is the <u>out-of-pocket</u> <u>limit</u> for this <u>plan</u> ? | \$4,000 individual / \$8,000 family. Medical and prescription drug out-of-pocket limits are combined. <u>Prescription drugs</u> : \$1,600 individual / \$3,200 family. | The <u>out-of-pocket limit</u> is the most you could pay in a <u>plan</u> year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own out-of- pocket limits until the overall family <u>out-of-pocket limit</u> has been met. You have an aggregate prescription drug <u>out-of-pocket limit</u> . |
| What is not included in the out-of-pocket limit ? | Premiums, <u>balance-billing</u> charges, and health care this <u>plan</u> doesn't cover. | Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> . |
| Will you pay less if you use a <u>network provider</u> ? | Yes. See www.bluecrossvt.org/find-doctor or call (800) 255-4550 for a list of <u>network</u> providers. | This <u>plan</u> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the <u>plan's network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider</u> 's charge and what your <u>plan</u> pays (<u>balance billing</u>). Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). For certain <u>emergency services</u> and/or services at an in-network hospital or surgical center (as explained below), the maximum amount you may pay is the <u>plan's in network cost-sharing</u> amount. In these circumstances, the providers cannot balance bill you. Check with your <u>provider</u> before you get services. |
| Do you need a <u>referral</u> to see a <u>specialist</u> ? | No. | You can see the <u>specialist</u> you choose without a <u>referral</u> . |
