SUBSTITUTE INFORMATION

Dear Substitute,

Thank you for your interest in becoming a substitute with the Colchester School District! In each of our schools, we have a daily need to replace teachers and support staff who are absent because of illness, personal business, or professional growth. Attracting well-qualified substitutes, supporting them as they get to know our schools, and calling them to return on a regular basis enables our district to deliver quality instructional programs to all students every day.

OUR PROGRAM: Colchester School District is committed to providing a rigorous, differentiated and engaging learning environment for all of our students. Classrooms throughout the district follow grade level curriculum and assessments that are based on our state standards. This curriculum is then differentiated for students based to best meet student needs and encourage students to be engage in learning.

All students with identified disabilities receive instructional support services. These services include: classroom accommodations, curriculum adaptations, individualized instruction, speech and language therapy, counseling, physical therapy, intensive academic/social support, consultation, individual tutoring, behavior management, psychological intervention, and referral to other specialists or programs outside our district. An Essential Early Education (EEE) program provides services to children aged 3-5 who demonstrate significant developmental delays. In addition, Colchester offers a Title I program in language arts and math in grades K-5, and an English as a Second Language (ESL) program to all eligible students.

OUR HIRING PROCESS: Applications for substitute teaching may be obtained and returned to our Administrative Office on Laker Lane. A complete substitute packet must include: an Application for Substituting, Form W-4, Form I-9, VT Declaration of Health Care form, VT Human Services Agency background check, a criminal records check (which includes fingerprinting), and a current résumé (optional). Upon receipt of a COMPLETE application packet, an applicant's name is added to our sub list, which is disseminated to building principals. Substitutes are encouraged to visit the schools where s/he would like to work.

OUR SUBBING PROCESS: Substitutes may know in advance of assignments. Sometimes, sudden illness or an unexpected personal issue necessitates calling a sub quite early on the day needed.

When you arrive at school, report to the office to receive instructions for the day. Teachers are required to maintain a current substitute folder; so teacher substitutes should find things in good order. When you leave, we ask you to submit a report of the day. We hope you will tell the teacher and principal what the students accomplished and what, if anything, might have made your day better.

NONCRIMINAL JUSTICE APPLICANT'S PRIVACY RIGHTS

As an applicant who is the subject of a national fingerprint-based criminal history record check for a noncriminal justice purpose (such as an application for employment or a license, an immigration or naturalization matter, security clearance, or adoption), you have certain rights which are discussed below.

- You must be provided written notification¹ that your fingerprints will be used to check the criminal history records of the FBI.
- You must be provided, and acknowledge receipt of, an adequate Privacy Act Statement when you submit your fingerprints and associated personal information. This Privacy Act Statement should explain the authority for collecting your information and how your information will be used, retained, and shared.²
- If you have a criminal history record, the officials making a determination of your suitability for the employment, license, or other benefit must provide you the opportunity to complete or challenge the accuracy of the information in the record.
- The officials must advise you that the procedures for obtaining a change, correction, or update of your criminal history record are set forth at Title 28, Code of Federal Regulations (CFR), Section 16.34.
- If you have a criminal history record, you should be afforded a reasonable amount of time to correct or complete the record (or decline to do so) before the officials deny you the employment, license, or other benefit based on information in the criminal history record.³

You have the right to expect that officials receiving the results of the criminal history record check will use it only for authorized purposes and will not retain or disseminate it in violation of federal statute, regulation or executive order, or rule, procedure or standard established by the National Crime Prevention and Privacy Compact Council.⁴

If agency policy permits, the officials may provide you with a copy of your FBI criminal history record for review and possible challenge. If agency policy does not permit it to provide you a copy of the record, you may obtain a copy of the record by submitting fingerprints and a fee to the FBI. Information regarding this process may be obtained at <https://www.fbi.gov/services/cjis/identity-history-summary-checks>.

If you decide to challenge the accuracy or completeness of your FBI criminal history record, you should send your challenge to the agency that contributed the questioned information to the FBI. Alternatively, you may send your challenge directly to the FBI. The FBI will then forward your challenge to the agency that contributed the questioned information and request the agency to verify or correct the challenged entry. Upon receipt of an official communication from that agency, the FBI will make any necessary changes/corrections to your record in accordance with the information supplied by that agency. (See 28 CFR 16.30 through 16.34.)

3. All electronically stored student information in the District's electronic files, regardless of how accessed.

III. POLICY STATEMENT

It is the policy of the District to provide students and staff access to a multitude of IT resources, including the Internet. IT resources provide opportunities to enhance learning and improve communication within our community and with the global community. Users are expected to access IT resources as learning tools. The use of District IT resources is a privilege, not a right. With the privilege of access comes the responsibility of all users to exercise responsible use of these resources.

The same rules and expectations govern student use of IT resources as apply to other student conduct and communications, including but not limited to the District's harassment and bullying policies.

IV. POLICY APPLICATION

This policy applies to all users. "Users" is defined to include anyone who accesses the District's IT resources, on-site and/or via a remote location, and anyone who uses the District's IT devices either on or off-site.

V. GENERAL PROCEDURES

The superintendent is responsible for establishing procedures governing use of IT resources consistent with the provisions of this policy. These procedures must include:

- A. An annual process for educating students about responsible digital citizenship. As defined in this policy, a responsible digital citizen is one who:

 2. **Respects Others.** Users refrain from using technologies to bully, tease or harass other people. Users will report incidents of cyber bullying and harassment in accordance with the district's policies on bullying and harassment. Users will also refrain from using another person's system account or password or from presenting themselves as another person.
 3. **Protects One's Self and Others.** Users protect themselves and others by reporting abuse and not forwarding inappropriate materials and

communications. They are responsible at all times for the proper use of their account by not sharing their system account password.

4. **Respects Intellectual Property.** Users suitably cite any and all use of websites, books, media, etc.

 4. Unauthorized disclosure, use, dissemination of personal information regarding minors.
 5. Restriction of minors’ access to materials harmful to them.
- E.** A process whereby authorized persons may temporarily disable the district’s Internet filtering measures during use by an adult to enable access for bona fide research or other lawful purpose.

VI. OWNERSHIP OF IT RESOURCES

The District's IT resources are the property of the Colchester School District.

VII. EXPECTATION OF PRIVACY

Users shall have no expectation of privacy in anything they create, store, send, receive or display on or over the District's computers or other network resources, including personal files, images, and e-mails and other electronic communications.

VIII. COMPLIANCE WITH CIPA

In accordance with the Children's Internet Protection Act (CIPA), the District uses a filtering system to track and monitor all computer and Internet use on the District network. The system is designed to prevent access to material that is obscene, pornographic, or harmful as determined by school administrators. No filtering system is perfect, however. Due to the nature of the Internet and evolving technology, however, even with supervision of students the District cannot guarantee students will not reach an inappropriate site. It is the responsibility of all users to report any inappropriate sites to school officials to ensure that content is filtered appropriately. Providing access to electronic information does not imply an endorsement by the District of the content, nor does the District guarantee the appropriateness or accuracy of information received.

IX. IMPLEMENTING PROCEDURES/REGULATIONS

The Superintendent/his/her designee is responsible for establishing and updating from time to time procedures governing use of IT resources consistent with the provisions of this policy. These procedures must include a description of the rules applying to all users of the District's IT resources, and a process for educating elementary and secondary students annually about Internet safety and responsible digital citizenship.

X. LIMITATION/DISCLAIMER OF LIABILITY

The District makes no guarantee that the functions or the services provided by or through its IT systems will be error free or without defect. The District is not liable for unacceptable use or violations of copyright restrictions or other laws, user mistakes or negligence, and costs incurred by users. The District is not responsible for ensuring the accuracy, age appropriateness, or usability of any information found on the District's IT resources network, including the Internet. The District is not responsible for any damage experienced, including, but not limited to, loss of data or interruptions of service. The District is not responsible for the accuracy or quality of information obtained through or stored on the IT resources system including the Internet, or for financial obligations arising through their unauthorized use.

XI. ENFORCEMENT

The District reserves the right to revoke access privileges and/or administer appropriate disciplinary action for misuse of its IT resources. In the event there is an allegation that a

user has violated this policy, the District will handle the allegation consistent with the student disciplinary policy. Allegations of staff member violations of this policy will be processed in accord with contractual agreements and legal requirements.

The District shall cooperate to the extent legally required with local, state and federal officials in any investigation related to the misuse of the District's IT resources.
